Work Experience

Google Zurich *(Jun 2017 – Sept 2017)*

Software Engineer Intern (Android Developer)

Google Trips is a tool for travellers that helps them handle reservations, daily itineraries, as well as discover attractions and restaurants.

- Implemented a new functionality of the app, mostly implemented user interface.
- **Java**, **Go**, **Unit and UI Testing**
- User experience

SC Nitech SRL *(Jul 2015 – May 2017)*

Intern

Nitech is a leading Romanian company in the area of laboratory equipment. The company helped me have full image of their business processes by frequently moving me around departments. They considered that for me to be able to deliver custom made software products, I must fully understand the company's needs and culture. I have participated in activities in the following departments:

PR

- Realising various merchandise, organising various events.
- Social media marketing of the sports centre associated with this company, respectively **Nitech Sport**.
- Written articles in the company's newsletter, called *InfoNitech*

Logistics

- Managed inventory tracking and orders for suppliers

Sales

- Shadowed a sales representative for the Bucharest area
- Product offers for public auctions

Technical

- Translations of product descriptions and improving sales experience

IT

- Optimisations of the information system
- Introduced two university colleagues to the company for our mandatory internship in university in which we developed new modules and optimisations of the information flow to improve the efficiency of the business processes.

Masters in Management and Informatics

Università della Svizzera Italiana, Lugano

(Sept 2017 – Jun 2019)

Scholarship: earned one of the 10 international students scholarships provided by the university

Website: http://mmi.usi.ch

Bachelor in Economic Informatics

Bucharest University of Economic Studies

(Sept 2014 – Jun 2017)

Bachelor Thesis: defended with 10/10 grade points

Theme: *Scheduling & Management tool for a sports centre* (*Web platform using **Laravel** and **MySQL***)

Scholarship: all 3 years - top 2%, ranked 5th

Volunteering

Brigada de Voluntari (translation: Volunteer Brigade)   *(2013 – 2014)*

Nitech Sport - children tennis coach   *(2016 – 2017)*

Languages

Romanian *(native language)*
English *(C2)*
German *(A2)*
Italian *(A2)*
French *(A2)*
Spanish *(A1)*

Certificates

Oracle Academy for Course Completion, Database Programming with SQL *(2014)*

Cambridge English: Advanced (CAE) *(2014)*

Drivers Licence: category B *(2015)*

Projects

P&G CEO Challenge - Phase 2 *(Team of 3)*   *(2016)*

Developing a detailed plan to launch a new *Gilette* product on our local market.

Scientific Session (honourable mention) *(Team of 2)*   *(2016)*

Developed an Android application prototype in the medical area that tracks information about a user and whose main functionality is alerting according to preset situations.
